Adjustments may be made to a student's budget (Cost of Attendance) for computer purchases of up to \$1,500 (maximum \$500 if purchasing software only) if purchases are made between **May 15, 2018 and July 15, 2018**. Students can purchase a computer OR software; adjustments cannot be made for both during an academic year. While the budget may be adjusted, this does not guarantee that you will have eligibility for additional aid. FAS can process multiple computer budget adjustments per student academic career, but the total amount cannot exceed \$1500 for computer or \$500 for software. (KU-Lawrence Campus has three student academic careers: Undergraduate, Graduate, and Law).

DOCUMENTATION REQUIRED:

- Attach copies of paid receipts (receipts must confirm that the **student paid** the charges), bill of sale, and/or canceled checks. Note: if purchased from an individual, both a bill of sale and a copy of your canceled check are required.

If you are approved for a computer budget adjustment, and if eligible for additional federal student loan funds, do you authorize the Financial Aid and Scholarships office to award you an additional federal student loan? (Please check one.)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
